**NOTES:**

1. Formula funding totals represent program allocations, and may differ from amounts actually disbursed.
  2. Totals were generated from the "Consolidated Federal Funds Report" for the years 2000 to 2008.
  3. Programs included in this report were selected by reconciling three differing, but similar, sets of programs from the following reports:  
 GOVERNMENTS DIVISION REPORT SERIES (Research Report #2009-1) , "Uses of Population and Income Statistics in Federal Funds Distribution –With a Focus on Census Bureau Data"; The Brookings Institution's "Federal Domestic Assistance Allocated on the Basis of Statistics Based on the Decennial Census, U.S. and States, FY2007"; and an unpublished analysis from the Office of Policy Research and Strategic Planning, Ohio Dept. of Development.
- \* Franklin county's total *may* be inflated due to unidentified, non-separated state agency pass-through funding.
